GuildLine

QUALITY DRINKWARE SINCE 1979

Guildline, since 1979, has always been regarded as a leader, by offering the latest in glassware trends. Guildline takes pride in being able to offer a wide variety of popular items and make them readily available to our customers. There are many more practical and popular glassware items that we could not depict in the Guildline catalog that are readily available through our two domestic glass manufacturers. Please let us know of any ideas you may have that we may source. The items shown in our catalog are just a few of the Libbey Glass or Arc International items that we are able to special order, imprint and deliver for you. Arc International is a world leader in producing glassware products. Since 1826

Arc International has become known for its unparalleled ingenuity, high standards of excellence and above all...an unwavering commitment to customers' needs. "Libbey Glass, as America's Glassmaker since 1818 is working harder than ever to provide innovative and inspiring glassware with solutions to boost your image." The variety offers a vast selection of glassware products. Guildline would appreciate the opportunity to source and quote your project. Non-catalog items generally require minimum order quantities of 144 pieces. Random samples are generally provided at no charge, using your shipper number. Special orders for non-catalog items are subject to an overrun or underrun of 10%.

RUSH SERVICES

Guildline is proud to offer **"2-Day Zip Services"** on all our products, as long as your chosen item is in stock.

In the past, these services were only offered on our selected best sellers. Now, with our selection always growing and the need for product to meet a deadline ever present, if we have it so can you. Once the stock of your item's quantity has been verified, simply follow the pricing guide below to calculate your final 2-Day Zip price. Proofs, pre-production samples, and specials colors are NOT available. Complete order information is the key to keeping your order within our 2-Day Zip service.

Please call ahead to ensure the product you're interested in is available for these options.

ONE COLOR, ONE SIDED IMPRINT ONLY

2-DAY ZIP*

72+ Pieces - Add \$.79(c) to column price, \$60 (g) screen charge

13.5 oz Rocks

R224
11 oz Rocks

Our Goal is to Decorate **ANY LOGO** on **ANY SURFACE**

Decals are utilized when tight registration or multiple color designs are required. They are generally hand applied to the product. Decals often allow for a larger decorating area on many items. They offer the advantages of increased resolution, product application flexibility and tighter registration. There is no difference in the final permanence of a decal vs. a direct screen process.

DECALS Organic or Traditional

Metallic Gold or Platinum Halo enhancements are available upon request for most glass and ceramic items.

GOLD HALOS

Utilizes the combination of pinpoint precision and the infinite durability of etched glass to create a high end permanent technique.

LASER ENGRAVING

Nucleation is the process of having your design laser-etched into the bottom of your glass as a unique branding process. Laser etching creates more effervescence, or "bubbles", within your beverage by circulating the air in the glass. This allows your beverages to stay fresher longer.

NUCLEATION

Direct Screen Imprints are printed directly onto the product or item. This is generally the most economical imprint method with multiple colors.

DIRECT SCREENING One or Multiple Color

Reverse Printing on glassware enables the reader to view the message or logo while looking through the glassware - this is a unique option we currently provide.

REVERSE IMPRINTING

4 Color Process involves making computer separations from a customer's original full color artwork, breaking down its full range of multiple colors and tones into four basic colors. Four color process decals have the same lasting permanence as a direct screened imprints.

4 COLOR PROCESS

Satin Etch (or Frost) is a very popular imprint choice. Satin Etch has an elegant look and feel. It is less costly than actual deep etching. We can reproduce fine details - it is priced as a one-color imprint. We also have two-sided capabilities with this process.

SATIN FROST OR SATIN ETCH

UV Printing is a "Go Green" approach for decorating. We now offer up to 4 colors on a mixing glass. The process offers stability and longer glass life and retains all of the toughness of the glass. The process offers a wide spectrum of colors, including pinks & purples. There are no Prop 65 concerns with the glass since the inks applied are organic.

UV PRINTING

Sublimation imprints are created with high resolution line screen decals (heat transfers) using special inks. The heat transfer is applied under heat and pressure, which create bolder and brighter colors with maximum coverage to the design.

SUBLIMATION

**Maximum etch area will
vary depending on item**

*Contact us for pricing
on ANY glass item
engraved from our catalog!*

A unique decorating idea!
We will laser etch your logo on
the inside of your glass as a great
branding experience. Laser Etching
creates more effervescence or "bubbles"
by circulating the air in the glass.
This allows your carbonated
beverage to stay fresher longer!

*THESE COLORS AS WELL AS PMS COLOR MATCHES INVOLVING PURPLE INKS, IRIDESCENT SILVER, AND IRIDESCENT GOLD REQUIRE A \$.10(x) UPCHARGE DUE TO THEIR GOLD CONTENT.

As of 2008, many of the standard inks are now being processed in Lead Free.

There is a possibility that colors could lose some of their vibrant shades. Please call if concerned when matching PMS colors.

This is only a sample of drinkware that GuildLine can source.

Feel free to contact us if there is a specific item or PMS color match you are looking for that is not in our catalog.

General Information

1. ACKNOWLEDGEMENTS Acknowledgements are made by fax or e-mail within 48 hours following receipt of your complete order instructions. All information regarding pricing, quantity, estimated ship date, color and design will be included along with a sized photocopy of the art work. Please check this information carefully and inform us of any discrepancies by phone and fax. **Your order will not be produced until the signed acknowledgment is returned to us. Please carefully review your artwork before you approve, for you are responsible at this point. Thank you!**

2. ARTWORK CHARGES Our art department is able to touch-up existing artwork that cannot be supplied in the proper vector format or recreate from almost any other format such as an existing piece of printed ware or even a business card. Our art charges are \$60.00(g) per hour by 15 minute increments. Art charges will be quoted beforehand based on the work required. No work will be done until the quoted art charges have been approved.

3. HARD COPY AND ARTWORK We reserve the right to determine what is camera-ready artwork and to re-size the art for best print quality as well and for placement on the product. Supply camera-ready artwork, black and white (AS LARGE AS POSSIBLE ON 8.5x11 STANDARD LETTER SIZED PAPER). Specify to use maximum imprint area or if smaller, specify image area desired. Please see art charges above in reference to submitted artwork determined to be not camera ready. **Photocopies are not considered camera-ready art.** Please consult GuildLine in regards to direct films. Clearly specify on your order if your artwork is one sided, two sided or a wrap around imprint. Also, state if the art is to be exact size or should be reduced or enlarged. If instructions are not clearly stated, we will use our best judgment. Some glassware items are "seamed" opposite the handle. We do not recommend wrap around imprints on "seamed" items. Artwork on some items depicted in this catalog will be altered in appearance due to the taper, shape or radius of the item. Some examples are martini glasses, brandy snifters, and belgians.

4. ELECTRONIC ARTWORK For best results, compile artwork in a vector (resolution independent) based format. We do not recommend converting tiff, jpeg, or bitmap type files to EPS file format, for they do not convert over to a vector based file format. Artwork is kept on file for two years. **We will not accept JPG or GIF file formats for artwork, as they will not produce a quality imprint. Any artwork in either JPG or GIF formats will require an additional art charge. File formats accepted: Adobe Illustrator CC or lower (.ai or .eps), Photoshop CC or lower (.tif or .psd), .tif or .psd files must be a minimum of 600 dpi with artwork to size.** Once a job is completed, all artwork is available in any of the above file formats @ \$20.00 plus shipping.

5. PAPERLESS INVOICES As of 2019, all invoices will be emailed in an effort to go green.

6. COLOR REGISTRATION Direct screened close color or butt registration may result in a registration variance of 1/16" in the horizontal plane. This is within industry standards and needs to be considered acceptable.

7. HALF-TONES Half-tones and screen tints can be direct screen printed in one color. Camera-ready art requires a 65 line screen for half tones and a 65 line screen within the 20% to 80% range for screen tints. Add 15¢ (g) per item additional charge to scheduled prices. The charge to convert line art to half-tone or screen tint is \$27.50 (g).

8. PERSONALIZATIONS Individual names, proper nouns, or sayings can be direct screen printed. Size and type styles are limited and a complete typed alphabetical list must be provided. Add \$5.00 (g) per personalization, plus an additional \$3.35 (g) for precious metal. Approximately 3 names and \$55.00 (g) per screen - may vary depending on actual size of lettering & drinkware item.

9. PROOFS PDF artwork e-mailed proofs are included with new orders at no charge. Proofs demonstrate how your order will be produced relative to placement, size and copy on your chosen item. Your order will be produced as proofed unless otherwise notified in writing. Please pay particular attention to spelling, phone numbers, size and positioning of your layout. Written approval must be submitted before production will commence. Any delay in returning your art approval may result in a revised shipping date.

Don't forget...
Check out our NEW WEBSITE!!!!
www.guildlines.com

General Information

10. VIRTUAL PROOFS Due to the inherent nature of most monitors (varied calibrations, color management, varying degrees of brightness and resolution) the actual imprint color(s) and imprint location will vary with actual production. Most virtual samples are a visual guide and may not reflect the exact imprint placement for the actual production run. A true representation for your design is an actual pre-production sample. You may also request a measured location if desired.

11. SPECULATIVE SAMPLES Speculative samples are available at \$30.00 (g) per color, plus normal art and screen charges.

12. STANDARD INK COLORS GuildLine carries a standard pallet of colors for ceramic and glass. We also carry a standard pallet of colors for stainless and plastic. The PMS color numbers for swatches listed are approximated and will vary slightly in production runs. All ceramic and glass items are imprinted and fired at approximately 1140°F, making imprints long lasting with responsible care.

13. INK COLOR MATCHING PMS numbers are used as a reference only (the nature of ceramic inks is such that **exact PMS color matching cannot be guaranteed**, but most colors can be matched quite closely). The charge for color matching is \$27.50 (g). Ceramic inks are somewhat transparent; the results will vary depending upon color of the item imprinted. **Please consult GuildLine with questions pertaining to imprinting on dark colored and glass items!** As of 2008, many of the standard inks are now being processed in Lead Free. There is a possibility that colors could lose some of their vibrant shades. Please call if concerned when matching PMS colors.

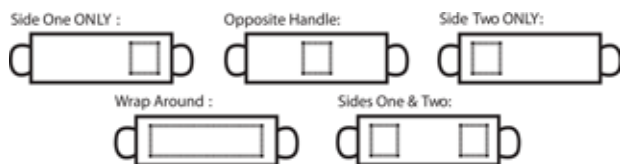

14. COLOR CHANGES Color changes within an order are \$25.00 (g). Changing ceramic inks to a metallic imprint or vice versa \$55.00 (g). For decal imprinting first color \$175.00 (g). For each additional decal color \$75.00 (g).

15. RUSH CHARGES Our normal turn around time is approximately 7-10 business days from time of artwork confirmation. See page 1 for rush service details.

16. LESS THAN MINIMUM ORDERS Orders for less than the minimum quantities shown \$62.50 (g) plus \$3.33 (c) upcharge to listed first column price.

17. QUALITY OF GLASS AND CERAMICS Due to the inherent properties of glass and ceramics, small imperfections may be evident and are not to be considered flaws. Variations in height, diameter, capacity and glaze color may be evident and are considered within industry standards. In no way will these variations diminish the effectiveness of the product.

18. SECOND SIDE IMPRINTS AND WRAPS There is no charge for second side or wrap-around imprints done with ceramic inks and using the same color. **To ensure a quality second side imprint of tight registration, multi-color artwork, an additional running charge may be required.**

19. PRICES Due to the fluctuations in North American currencies and rapid raw material, labor inflation in China, and tariffs, GuildLine will honor the printed catalog prices for as long as possible. We may have to make periodic price updates. This will be done on our website: www.GuildLines.com. We advise that you verify prices prior to quoting your customer by visiting our website. We will inform our database via an email blast when there has been a price adjustment. Prices are based upon material and labor costs as of the date of the catalog and are subject to change without notice. Exact repeat orders incur a **\$18.75(g) setup charge**. **GuildLine website pricing will prevail.** **American Express is not accepted for payment.**

20. SHIPPING Unless otherwise specified, within 5 days of due date, shipments will be made by the carrier of our choice. Motor freight will be used when it is economical. Fed Ex/UPS, Air, or Parcel Post shipments must be protected by **overpacking at an additional cost of \$9.00(g) per box. We use double-wall boxes with high-end bubble for all shipments.** If shipment arrives damaged, a claim must be filed upon receipt of shipment with carrier. Orders requiring inside or residential delivery must be noted on your order. Failure to do so may result

in delayed delivery and additional freight charges forwarded to you after the initial invoice is issued. Freight estimates by the factory are not guaranteed and we will not be held responsible for the final billing. Customer pick up must be within 72 hours of notification or a storage fee will be charged. Pallet and overpack charges may occur. **Using a customers acct # to ship with, 3rd Party/Freight \$9.50 (g).** UPS Returns for Wrong Address \$18.75 net. If you desire expedited air shipments, GuildLine recommends you procure a quote for the estimated shipping charges, prior to submitting your purchase order and or shipping instructions. Air shipments will only be sent with our receipt of your written authorization. It is the responsibility of the authorizing party to ensure this authorization is received in a timely manner prior to shipping. **USPS Service not offered without quote.**

21. INDIVIDUAL MAILINGS GuildLine offers individual mailings for most items within the United States. Add the cost of the mailer carton, plus **\$2.00 (g)** per piece for processing, plus freight charges. It is understood the customer will provide the individual information. **We only accept electronic lists.**

22. PALLETIZING GuildLine reserves the right to charge for palletizing a gaylord (corrugated protection packaging) if your order requires special handling. We reserve the right to add \$31.25 (g) per pallet charge and \$31.25 (g) per gaylord (CPP). Pallet Charge if CPU \$31.25 (g).

23. DROP SHIPMENTS & SPLIT SHIP SERVICE There is a \$12.00 (g) charge for each drop or split shipment.

24. UNDERRUNS AND OVERRUNS Although every effort will be made to ship the exact quantity ordered, due to the difficulty of manufacturing exact quantities without sacrificing quality, **all one color orders are subject to a variance of 10%.** Orders requesting no overruns may be shipped short by the above amounts. Orders stating no underruns may be shipped over by the above amounts.

25. CANCELLATION CHARGES All costs incurred prior to order cancellation will be invoiced.

26. RETURNS Merchandise cannot be returned for any reason without written factory authorization. Any merchandise that is returned without a RMA# will not be accepted.

27. CLAIMS Claims must be made within 30 days of receipt of a shipment. Claims for freight adjustment, breaking, printing issues, shipping errors, or any other error must be filed within 30 days of receipt. Return merchandise must have authorization from GuildLine. GuildLine reserves the right to inspect items from the actual production run before processing any complaints and/or disputes.

28. SUBSTITUTIONS Due to unavoidable manufacturer's product changes and improvements, we reserve the right to substitute, at any point in time, products that compare in price & design for those shown in the catalog.

29. PROPOSITION 65 All items which require Proposition 65 Warning will require a .05 charge for label application. **GUILDLINE FOLLOWS ALL PROP 65 COMPLIANCE REGULATIONS. ALL OF OUR PRODUCTS ARE TESTED AND CERTIFIED BEFORE GUILDLINE TAKES POSSESSION AND DECORATES. GUILDLINE USES LEAD FREE INKS, AND WE WILL SEND ANY OF OUR PRODUCTS TO A TESTING LAB OF THE CUSTOMER CHOICE FOR ANY OTHER KINDS OF TESTING OR WE WILL BE GLAD TO SEND IT TO ONE OF OUR TESTING LABS. THERE WILL BE A CHARGE FOR THIS SERVICE.**

30. TRADEMARKS In the event GuildLine is directed by the customer to use any logo, copy, or similar material supplied by any source other than GuildLine to produce an order, it is agreed and understood that GuildLine shall be acting as the Agent of the customer on the use of such material. The customer, as principal, shall be responsible to comply with all laws regarding copyright, trademark, patent, right of privacy, licensing or similar right of protection, and shall indemnify and save harmless GuildLine, its agent, for any suits, claims, or action of any nature for damages, expenses and costs which may arise by reason of GuildLine using said material in accordance with the customer's direction, all of which shall be considered within the scope of the aforementioned agency relationship. Trademarks and logos shown on products in this catalog are merely depicted to represent the products and our ability to decorate them, but are never meant to imply the decorations were created by this company or that the products with any specific decorations are available to any purchaser, without the consent of the owners of the trademarked or copyrighted art or copy. Trademarks and logos shown do not imply endorsement of our products by their owners.

If any distributor or end customer knowingly or unknowingly sells product distributed into the State of California and does not inform in advance, in writing, prior to production of the order, the distributor or end user will hold GuildLine harmless from all liability for alleged Prop 65 violations. It is the distributor's responsibility to notify GuildLine in advance of shipments to California or eventual indirect shipments to California. Any and all costs associated with defending any legal claims due to Proposition 65 will be the responsibility of the distributor and/or end customer, if GuildLine has not been given advance notice prior to production of their order(s).
